International Seminar

On

Ethics and Artificial Intelligence

5th and 6th February 2025

The integration of artificial intelligence (AI) into various aspects of human life has undoubtedly brought about remarkable benefits, enhancing fields ranging from healthcare and education to industrialization and employment. These advancements have revolutionized how we live and work, significantly improving efficiency and access to resources. However, the increasing presence and influence of AI in our daily lives have also raised critical concerns regarding the autonomy and well-being of human beings. One of the primary challenges posed by AI is its potential to grind down human agency. As AI systems become more advanced and ubiquitous, they risk fostering dependency in individuals, reducing the sense of self-sufficiency, and diminishing the human capacity for independent decision-making. While AI may offer convenience and improve certain aspects of life, it also raises questions about the balance between technological progress and the preservation of core human values such as autonomy, dignity, and the ability to act freely.

Inaugural Address by:
Professor Nirmalya Narayan Chakraborty, Honorable Vice-Chancellor, Presidency University
Invited Speakers:
Dr. Michael Hsieh, Stanford University, USA
Professor Sangram Bagh, Saha Institute of Nuclear Physics, Kolkata
Professor Madhucchanda Sen, Jadavpur University, Kolkata
Professor Patitapaban Das, Ravenshaw University, Odisha
Professor Anirban Mukherjee, North Bengal University, West Bengal
Dr. Manoj Kumar Panda, Presidency University, Kolkata

The Department of Philosophy, Presidency University is inviting abstracts from research scholars for presentation focusing on relevant discussions on the topic "Ethics and Artificial Intelligence". Kindly submit your abstract to the email id: barada.phil@presiuniv.ac.in & bidyut.phil@presiuniv.ac.in
Last date of submission: 26/01/2025
Intimation of acceptance of abstract: 31/01/2025
Word limits of abstract: 300 words
Registration Fees for all participant: 300/
Starting date of registration: 16/01/2025
Last date of registration: 30/01/2025
Outstation participants need to arrange their own accommodation.
Process of registration and payment:
1. Click the following link
    https://www.onlinesbi.sbi/sbicollect/icollecthome.htm?corpID=469266
2. Choose Payment Category: Ethics and Artificial Intelligence
3. Enter the details, click submit and pay your fees.
    (You may note down the payment reference number and keep the print out of the receipt for future reference if required)
Coordinator:
Dr. Barada Laxmi Panda, HoD
Department of Philosophy, Presidency University
