a) Mentorship requirement:

India Alliance recognizes the value of good mentorship for its Fellows. Therefore, each Fellow is required to identify a suitable mentor. This is a mandatory requirement for the Intermediate Fellowship. A letter of agreement from the mentor will be required for initiating the award, which must reach us before the start date of your Fellowship (See Award Condition 8).

The Office has received a letter from Professor Erle S Robertson of University of Pennsylvania who has agreed to be a mentor on Dr Saha's Intermediate Fellowship award. Since, mentor's role will be carefully scrutinized during the tenure of the Fellowship; Dr Saha is expected to update the status of mentor on annual basis.

1.2 Terms for monitoring and evaluation of the progress made on the award:

India Alliance will evaluate the Fellow's progress during the tenure of their India Alliance Fellowship. Consequently, continuation of the India Alliance funding after third year of the Fellowship will be contingent upon a satisfactory review of the progress made during the first half of the Fellowship (See Award Condition 7).

1.3 Terms for using the overseas allowance approved on the award:

Please note that it is a mandatory requirement for Dr Saha to keep the India Alliance informed of his Work outside Host Institution duration and location. He will be required to submit the following documents in order to utilize the overseas allowance approved on his Fellowship award.

- a) India Alliance must be informed of the duration and location of the visit before moving to the External Sponsor's lab.
- b) An email confirmation from the External Sponsor from his official email address clearly indicating the duration of Dr Saha's stay i.e. start date and end date. This can be emailed to grants@wellcomedbt.org
- c) India Alliance must be informed of the completion of the overseas visit to the External Sponsor's lab after returning to the Host Institution in India.
- d) Utilization certificate of funds transferred to the External Sponsor's institution for overseas project work from the Finance department of the overseas institution, within 2 weeks of completion of the trip.

Dr Saha will be required to furnish this information for every overseas visit that he will undertake during the tenure of the India Alliance Fellowship award.

It is a condition that the Host Institution will administer the Fellowship in accordance with the purposes for which it has been awarded and under the terms set forth in the India Alliance's **Award Conditions (enclosed)**. An updated version of the Award Conditions is also available on our website.

It is incumbent on the Host Institution and the Fellow to be familiar with our Award Conditions and policies, and comply with them during the tenure of the award.

This award provides funding for directly incurred costs on the Fellowship, including its associated research project. Directly Incurred costs are actual costs; that are explicitly identifiable as arising from the conduct of a project (e.g. staff salaries, equipment, materials, travel). These costs are charged as the cash value actually spent, and are supported by an auditable record. The award is cash-limited; supplementary funding will only be provided in exceptional and specific circumstances.

The award is divided into two primary types of funds: (1) ring-fenced and (2) transferable. Ring-fenced funds may be used only for the purpose(s) as indicated in this letter.

2.1 Ring-Fenced Funds

2.1.1 Personal Support for the Fellow

The India Alliance's contribution to personal support is determined as follows.

Each Fellowship has a set level of personal support as detailed on our website.

The level set for the India Alliance's Intermediate Fellows is currently, ₹ 13,82,400 per annum. This level has been calculated as follows: a basic salary of ₹ 7,20,000 per annum, allowances amounting to 60% of this salary and an additional Fellowship enhancement of 20%. *(20% of (salary + 60% allowance))*

If the Fellow does not have a salaried position at the host institution, the India Alliance will pay the entire sum to the level set for the requisite Fellowship.

* If the Fellow has a position at the host institution that provides a salary, the India Alliance will provide a top-up to meet the requisite level. The amount of top-up is calculated based on the salary certificate or contract of employment provided by the Fellow. This will be revised for each installment based on the latest pay-slip provided at the end of the financial year and will be fixed for the financial year. No interim adjustments will be made to the salary during the financial year. Any revisions in salary at the Host Institution during the financial year will only be considered for the next installment in the next financial year.

If the Host Institutions' contributions to the Fellows personal support exceeds the India Alliance's set level, no personal support will be provided.

Based on our understanding, Dr Saha currently receives salary support from the Host Institution. The India Alliance's contribution therefore, was calculated based on the documentation provided by the Host Institution.

Tax implications
The India Alliance expects the Host Institution to ensure that personal support for the Fellow is paid as specified in this award. It is for the Host Institution and the Fellow to determine how their personal support would be presented for tax purposes in India or overseas, as applicable. Please note that the India Alliance would not expect a Fellow's total personal support to exceed the level that has been set for the respective Fellowship.

The India Alliance reserves the right periodically to review and revise its provision for the Fellow's personal support. If there are any changes to the personal support received by the Fellow from the Host Institution, the India Alliance must be informed in a timely manner.

2.1.2 Contribution towards Institutional Overheads

A contribution towards institutional overheads has been provided in this award and is calculated as 10% of the total funds. These costs should be applied in such a way that they support the Fellow's research, e.g. by contributing to costs for laboratory infrastructure, utilities, or administrative support relating to the research. It is expected that charges made against this heading would not exceed the amount provided. The interest earned by the Host Institution on the India Alliance funds will be adjusted annually from the institutional overheads.

2.1.3 Overseas Allowances when working outside the Host Institution:

Where Fellows have requested to undertake their research outside their Host Institution, they are provided with a subsistence allowance (\$ 3000/month; revised as per the prevailing conversion rate at the time of release of funds; fluctuations in the currency conversion rates will not be accommodated once funds are released) and travel allowance (₹ 1,50,000). The total amount specified in this ring-fenced category may be used flexibly, at the Fellow's discretion, to cover any reasonable costs associated with relocating and working overseas. Transfer of funds for overseas activities would have to be undertaken by the Fellow's Host Institution.

2.2 Transferable Funds

Budgets detailed under 'Transferable funds' are indicative only and movement of funds between budget headings is allowed. Fellows are provided the flexibility to use 'Transferable Funds' as required for the pursuit of their Fellowship research goals. There are two exceptions:

- Funds may not be used to purchase, maintain or perform procedures on animals not included in the award letter. Permission from the India Alliance office must be obtained prior to implementation of any changes.
- Fellows may not support any additional posts without prior permission from the India Alliance.

2.2.1 Research Staff

It is expected that the contract of employment of any staff associated with the award should not extend beyond the end of the Fellowship. All postdoctoral staff supported on the Fellowship must be paid at least ₹ 40,000 per month. The administration of these funds must be carried out within the rules of the Host Institution. The India Alliance reserves the right to periodically review and revise its provision for postdoctoral staff's personal support.

2.2.2 Flexible Funding Allowance

The Flexible Funding Allowance (FFA) is intended to increase financial flexibility available to Fellows, and to simplify Fellowship administration. The FFA can be used to meet unanticipated directly incurred costs that would assist in meeting the goals of the Fellowship research. This includes, but is not limited to, publication costs, travel and training fees for research staff, and other miscellaneous costs.

It is a matter for the Fellow to decide as and when the funds should be used. Visits to the India Alliance office and for India Alliance events are expected to be funded from this budget.

2.2.4 Materials & Consumables, Equipment and Animals

15 Fellows' Meetings

The India Alliance will periodically organize meetings for all its Fellows. Information on the meetings will be made available well in advance and attendance by the Fellow is mandatory.

16 Application Reviews

The India Alliance application process relies on the co-operation of the scientific community in providing referees' comments on proposals, and the Fellow's success with this application is partly due to the goodwill of scientists in providing comments. As a holder of an India Alliance Fellowship, the Fellow is, therefore, expected to undertake review of research proposals submitted to the India Alliance upon request.

17 Contact

The India Alliance staff would be glad to meet with the Fellows at any time, either at their laboratory or at the India Alliance offices in Hyderabad or Delhi. These visits would be to ensure that a good working relationship is built between the India Alliance, Fellow and the Host Institution.
